📇 PROFILE

I am a product-focused software engineer with experience in designing and scaling full-stack solutions. Specialized in **Next.js**, **React**, **Supabase**, and **Stripe**, I lead teams and projects that integrate robust architectures, subscription systems, and conversion-driven **UX/UI** strategies.
My approach combines **technical leadership** with strategic **product** vision, aimed at building **high-impact MVPs** and scalable digital platforms.

🎓 EDUCATION

Higher Technical Degree in Web Design & Development
Escuela Da Vinci
2023 – 2025
Full-stack training with focus on UX/UI, APIs, and modern web & mobile apps.

Professional Certification in Digital Design & Audiovisual Production
Escuela Da Vinci
2020 – 2023

Technical Degree in Programming
Universidad Tecnológica Nacional
2016 – 2019 (paused)

💼 PROFESSIONAL EXPERIENCE

Grayola LLC
Tech Lead
05/2025 – present
I lead the technical and strategic development of a **B2B** platform under the Design as a Service (DaaS) model.
I scale high-performance full-stack solutions with **Next.js**, **Supabase**, **Stripe**, and **Shadcn UI**. I implement secure authentication systems, advanced project management, and payment integrations with scalable subscription logic.

Polynomium
Frontend Developer
05/2024 – 05/2025
Developed and maintained front-end features using **Next.js**, **React Query**, and **Tailwind**. Contributed to feature planning, performance improvements, and user experience optimization. Collaborated closely with design and backend teams to ensure consistent user flows.

Novocap S.A.
IT Systems Analyst
07/2017 – 04/2024
Managed **SAP S/4 HANA**, IT onboarding, and service requests. Administered **Active Directory**, **Office 365**, and **SharePoint**. Led mobile device management and implemented **Microsoft Teams** & **Intune**.
